Mantram Study Group

	a the Mentury to Surgers		
Lear	rn the Mantra to Success.	• •	
F	MEMORY BASED QUESTIONS OF PGIMER-MSC(N) ENTRANCE 24-6-2018	25.	—1 hour urine output Eye cleaning
	Position during Enema administration		—From inner canthus to outer canthus Position during Epi stanis
	—Left Lateral Position Complications of Meningitis	27.	—Pinch soft part of nose, lean forward Misinterpretation without stimuli
	—Epilepsy Trench is which type of disposal	28.	—Hallucination Hallucination and delusion present in
	-Controlled tipping/sanitary land fill Other name dengue	29.	-Psychotic syndrome Common psychosis during post-partum perium
	—Break borne fever		—Depression
	Residual chlorine in drinking water —0.5 mg/lit	30. 31	Mid-day meal principle, except —Substitute to home diet
	CG dose at birth —0.05 ml	31.	Anti-Malaria month —June
	Purpose of maintain glucose level during Intenatal	32.	Early sign of pre-echlampsia —Headache
8. B	Prevent congenital detect Best method for assess severity of APH during	33.	Herd immunity, except —Tetanus
р	eregnancy	34.	Halleicination is a —Perceptual disorder
9. Ir	mportant factors in APGAR score —Heart rate	35.	ADHD factor except —Impulsive, hyperactivity, amphetamine,
	Vhich is the following is important antenatal istory to be rule out	36.	How you will detect psychoneurosis \downarrow IQ
	-History of cystic fibrosis for previous baby Precipitate labour causes		-Verbal response
	—Intracranial hemorrhage	37.	Common postnatal psychiatric problem —Postnatal depression
e	Spinal cord injury at the level of L ₂ , nurses	38.	IPC-Section 375 deals with —Rape
	–Paraplagia, movement with help of Bracea —Quardiplagia, neck movement	39.	Rape drug —Rohypnol
13. G	—Paraplagia, arm movement Growth chart designed by	40.	Which of the following is contraceptive except —Vasectomy
14. C	—Study of death Care after Laryngectomy		
15. E	Erb's palsy		
	—Passive exercise —Immobilize		
16. T	ype of qualitative study —Ground theory		
17. S	Sampling K th sampling —Systemic random sampling		
18. C	Dpen vial method used in, except —Rota virus		i D S
19. S	Studying about the research result		
20. S	—Meta-analysis Studying about the research result		
	—Meta-analysis Research topic given to group of expert to arry out further study		
	—Delphi Method n newborn to detect hypoglycemia (Highly pecific test)		
	-Glucose oxidase test Position contraindicated in abdominal hystrectomy		
24. P	High Fowler Position Post nephrectomy nurses important role		

Staff Nurse
